WORK EXPERIENCE (5+ YEARS)

Frontend Developer   Jun 2024 – Present
Fingular, Remote

Fingular is a neobank revolutionizing consumer finance by delivering fully digital, seamless financial solutions that empower the 2 billion unbanked and underserved people worldwide.

- Tech Stack: React, TypeScript, Material UI, GraphQL, REST, TanStack Query, Vite, GitLab

***

Frontend/Web3 Developer   Nov 2022 – Jun 2024
ThirdWeb Pro Solutions, Remote

- **Lead a team of 5 engineers** to successfully develop an NFT marketplace and 5 AI apps as a part of a remote team following Agile and Scrum methodology.
- Communicated with clients and team in English (**C1/proficient English level**).
- Collaborated with cross-functional teams, including UX/UI designers, developers, and product managers, to translate business requirements into user-friendly and visually appealing frontend solutions.
- Optimized the performance of web applications, resulting in a **30% improvement** in page load times and enhancing the overall user experience.
- Implemented strategies to improve Lighthouse metrics resulting in a **25% increase** in Lighthouse scores across 2 projects.
- Increased the number of unit tests from **413** to **1217** because I was tired of bugs.
- Tech Stack: NextJS/React, TypeScript, Redux/MobX, Solidity, HardHat, TailwindCSS

***

Frontend Web Developer   Oct 2021 – Nov, 2022
GNIVC, Remote

The company develops software for the Federal Tax Service of the Russian Federation, Bank of Russia, Aeroflot, Russian Railways, and other companies.

- Developed company products as a part of a large team using React, TypeScript, SCSS, MobX, Jest, Figma, Gitea.
- Responsible for developing a Task Manager app for a company.
- Fixed bugs and created reusable components for the company's UI Kit with React.
- Implemented Figma mock-up through working with SCSS.
- Implemented Lazy loading to decrease the initial loading time for applications.
- Developed unit tests using Jest.
- Participated as a speaker in regular internal trainings for a company's developers.
- Used Agile methodology for the development life cycle and followed the Scrum framework.

EDUCATION

Translation and Interpreting (English), Master's Degree   2005 – 2010
Moscow State Open University, Russia
